STRENGTH IN NUMBERS DEVELOP.

Flourish with Your Team

Diane shares her journey toward becoming a three-time #1 best selling author on Amazon with the release of several published works ranging from *I See Jesus* to *Living Life with Leo*. Before it was a story written on paper, it was a life. Her life. With Leo. Throughout Diane's path to becoming an author, she first needed to find her voice.

With the aid of several of books written about Leo, or by Leo, Diane encourages her audience to step into the light and shine. This is a great time to speak to a newly established author about her process navigating through the confusing waters of publishing. The speaking points for your session will align with the issues or topics your team is currently experiencing in your workspace.

Intended for a small group audience, but open to larger groups with minor adjustments in presentation style, invite Diane to motivate your staff in assisting students with sharing their stories. Initial discussions will align Diane's topic with your needs.

Asking rate for this package is \$300; negotiable. Diane also asks that books are available for purchase after her talk.

FINDING FAITH IN...

FEATHERS.

Spreading the Seed of Hope

If you really start to remain still. Remain present. Then the signs will present themselves. This was true for Diane Nienas when she lost several close family members. In times of weakness, signs presented hope.

Diane began speaking to spread a message of hope. Through her life experiences she has witnessed her words heal and encourage others through their own life circumstances.

Grief and loss are a difficult part of life that, sadly, all must endure. Signs can appear in all forms, but for Diane, one remains visible with feathers. Her story of endurance through the darkness will lift those in need to the light.

Intended for a small group audience, invite Diane to create a welcoming space that encourages all to contribute. Pre-reading materials are encouraged (time permitting) that are relevant to the discussion. Group book sales of "I See Jesus" can be arranged prior to the talk. The overall topic can be adjusted to align with current events and special requests.

Asking rate for this package is \$350; negotiable. Diane also asks that books are available for purchase after her talk.

I SEE JESUS

BELIEVE.

Three Words That Changed My Life

Breath of light was inspired by the way Diane Nienas witnessed God breathing life into her during her trials and hardships. Her life was transformed by seeing the light of Jesus' love shining from within her terminally ill sons. The way they persevered and accepted the challenge given to them was supernatural and worthy of glorifying our Heavenly King.

Feed your mind with God's Word. Let the Holy Spirit wash over you. As you breathe in the breath of God you will exhale your light for others to find their way to Him. Together we can spread the seed of hope and breathe light into dark places.

Whether you speak your story, write your story, or desire a need to heal your story, Breath of Light can help you navigate. Diane's journey in life has enabled her to speak on various topics ranging from loss of loved ones to living with purpose. Sharing the story is healing and as she speaks the words, she hopes it helps heal others.

Intended for large groups. Initial discussions will align Diane's topic with your needs.

Asking rate for this package is \$450; negotiable. Diane also asks that books are available for purchase after her talk.
